

# Storytime

Lesson 12

## God Made the Animals

Bible story based on Genesis 1:20-25;  
Psalm 104:10-12, 14, 17-18, 21-25

1. God made all of the  
Plants and trees,  
The sun and stars,  
The moon and seas.

2. "Let there be fishes  
Deep in the seas!  
And let there be birds  
To sit in the trees!"

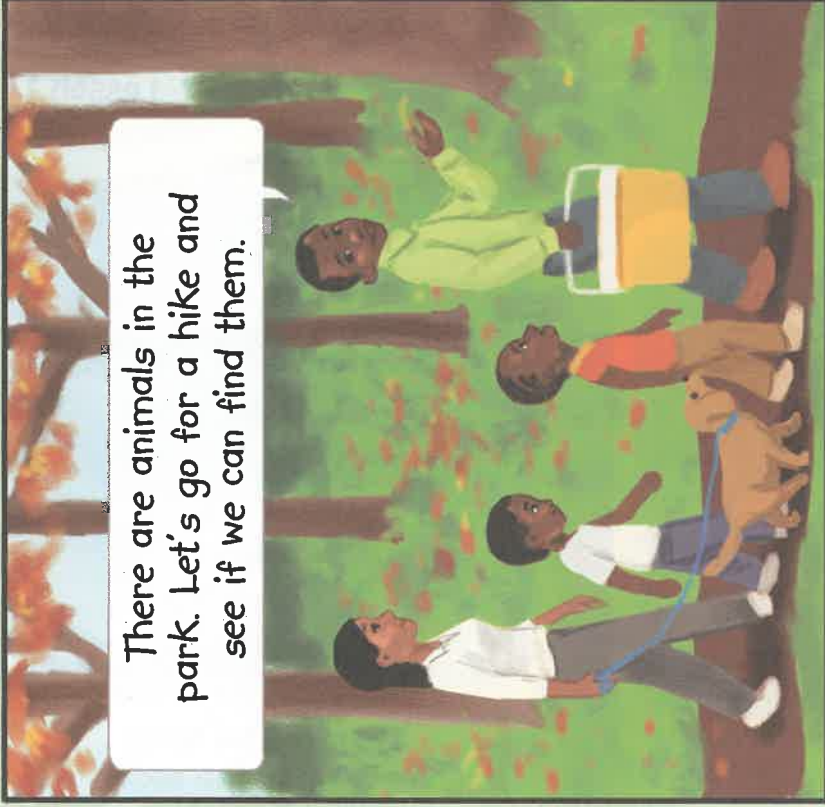

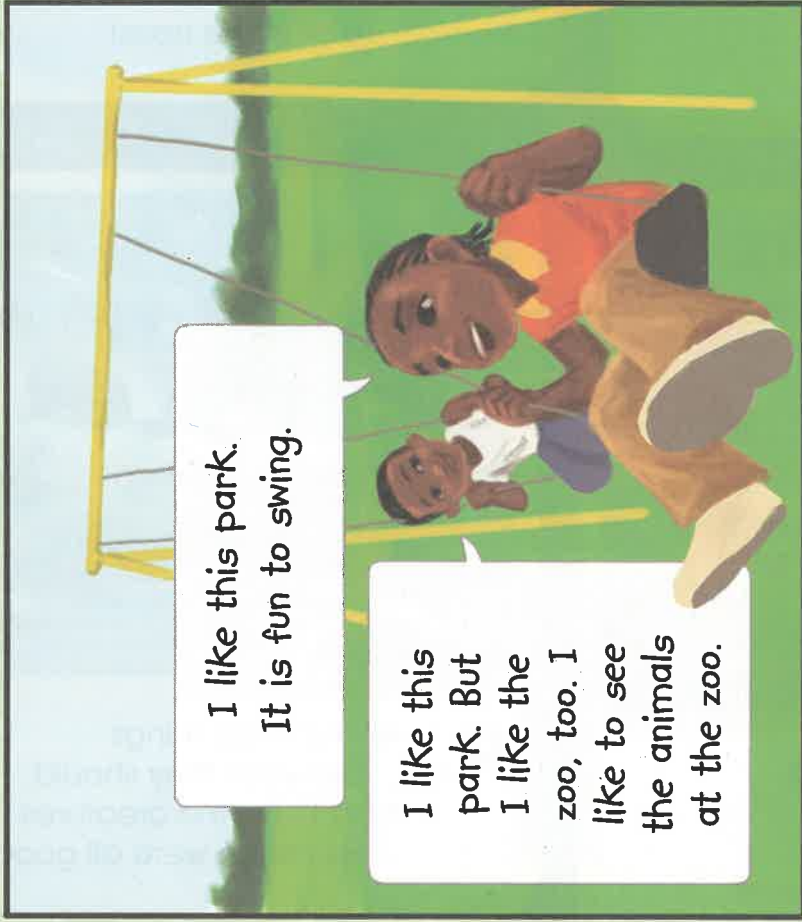

3. "Let there be animals  
On the land!  
Creatures that walk  
And crawl and stand!"

4. All the living things  
Did what they should.  
God knew the creatures  
He made were all good.

# A Day for Surprises

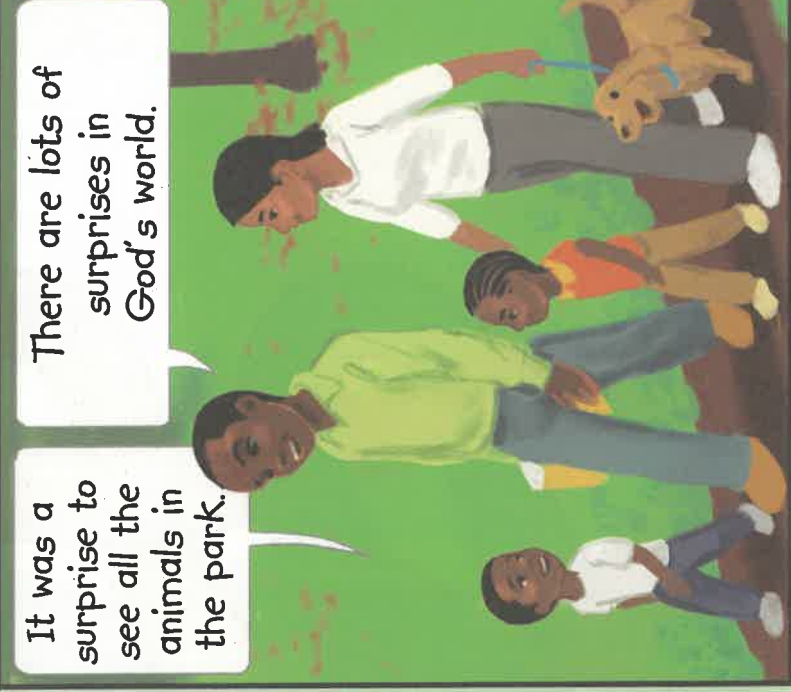

The splash surprised the bird. It flew away.

The squirrel surprised me. I dropped my apple!

The bird surprised the squirrel. It ran away.

It was a surprise to see all the animals in the park.

There are lots of surprises in God's world.

## Talk About It

**Bible Truth:** God made the animals.

God made all the birds, fish, and animals. He made homes for them, too. Let's create a list of some of the fish, birds, and animals where we live and include the homes God provided for them. Then we can thank God for the animals on our list and the homes He made for them to live in.

# Help Each Animal Find Its Home

Draw lines  to help the fish and bird find the way to their home.

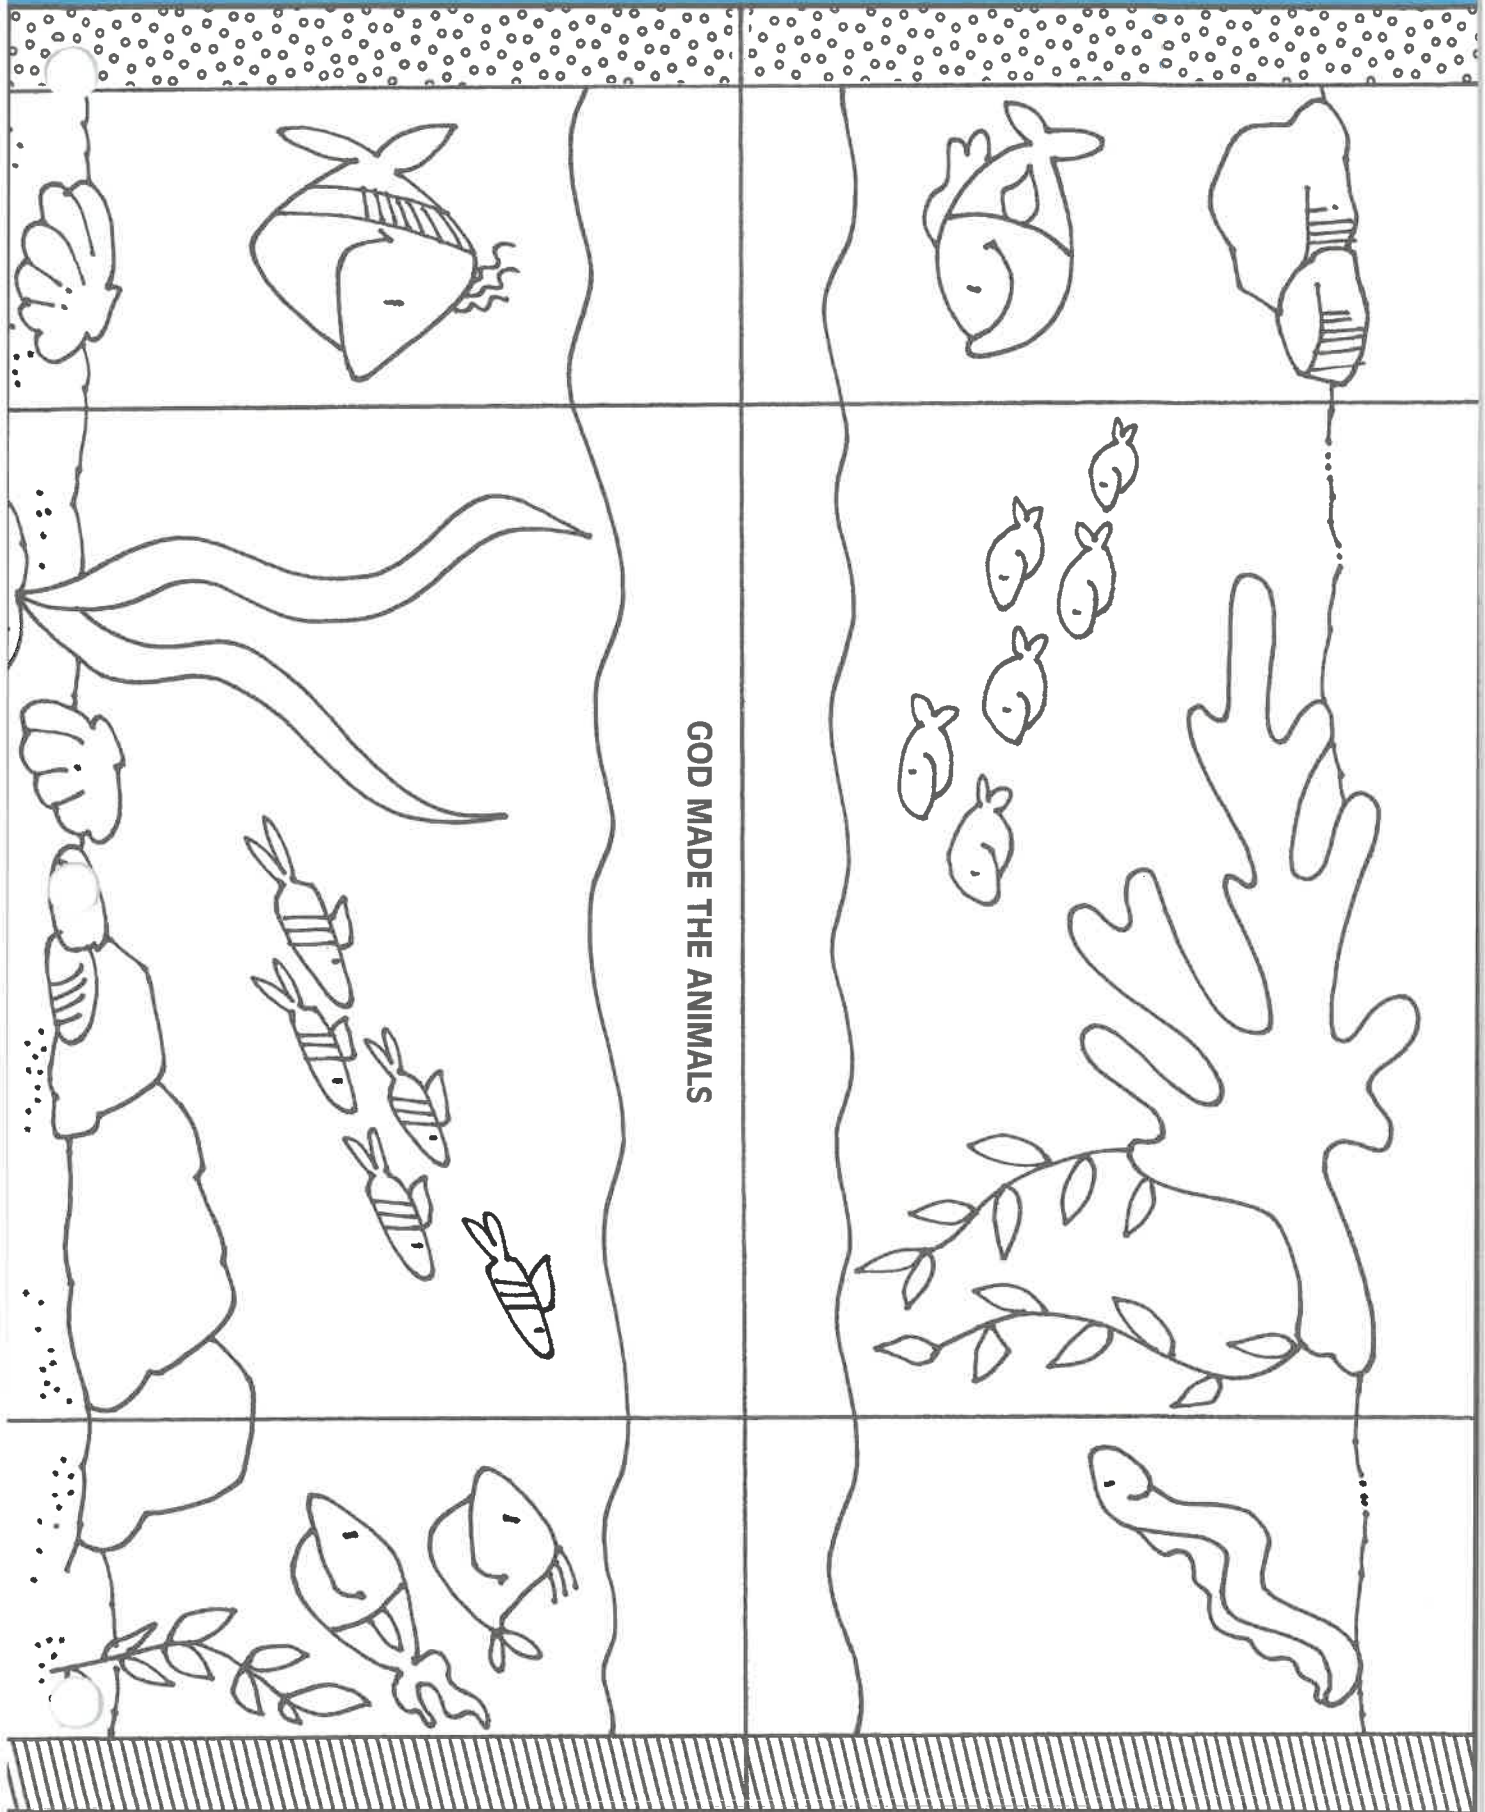

## Faith in Action

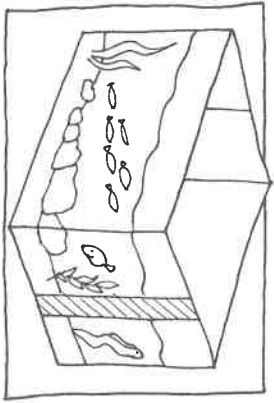

### MEMORY VERSE:

"In the beginning God created the heavens and the earth." Genesis 1:1

- Everything the animals needed was ready for them before God created them.
- Name some places where animals live.
- Name your favorite animal. Then thank God for creating animals for you to enjoy.

GOD MADE THE ANIMALS

#### **FOR PARENTS**

*In class today, your child heard that God created fish, birds, and all the animals (Gen. 1:20-25; Ps. 104:10-12, 14, 17-18, 21-25).*

*At home this week, perhaps you and your child can spend extra time with your pet, or take note of some of the animals around your home or neighborhood. Remind your child that God made all of the animals and provided homes for them. Practice the Bible memory verse together: "In the beginning God created the heavens and the earth" (Gen. 1:1).*
